

## Academic Vision

### Add-on Courses:

Courses that can provide students opportunities to diversify their skill sets, pursue personal interest, and explore interdisciplinary learning.

### Academy- Industry Interaction:

To enable students to bridge the gap between theoretical knowledge and practical applications. These interactions allow students to gain insights into industry trends and develop job-specific skills.

### College Research Cell:

To facilitate activities such as seminars, workshops, research projects that encourage students and faculty to engage in cutting-edge research across diverse disciplines.

### Smart Classrooms:

Classrooms equipped with interactive boards, multimedia system to enable interactive, dynamic and multi-media based education.

# Green Vision

**Energy Efficient Campus:**  
Eco friendly initiatives like sensor-based systems, solar panels, etc.

**Water Conservation:**  
Implementing sustainable practices like rain water harvesting system.

**Recycling and Efficient Waste Disposal:**  
Adoption of recycling practices like paper, plastic, iron, construction materials, etc.

**Reducing Carbon Footprint:**  
Creation of more green spaces, adoption of eco-friendly modes of transport and creating a eco-conscious campus.
